South-African Geranium (<i>Pelargonium sidoides</i>)	30 mg	
Vitamin C	26,4 mg	33%
Zinc	5 mg	50%

*NRV - Nutrient Reference Value

Usage: *Imunoglukan P4H® ACUTE!* is liquid food supplement to support the immune system and respiratory tract for short-term use. IMG® in combination with vitamin C, zinc and five plant extracts in product *Imunoglukan P4H® ACUTE!* act synergistically, i.e. the effect of these substances is supported via their mutual interaction.

IMG® is a highly purified natural substance, the complex of biologically active polysaccharides consists in pleuran isolated from *Pleurotus ostreatus* – Oyster mushroom.

¹Vitamin C and zinc contribute to the normal function of the immune system.

Vitamin C contributes to the reduction of tiredness and fatigue.

Vitamin C and zinc contribute to the protection of cells from oxidative stress.

²South-African geranium, round-leaved sundew and hedge mustard contribute to the normal function of the respiratory tract.

¹Elderberry and round-leaved sundew contribute to the normal function of the immune system.

Recommended dosage: The product is suitable for children from 3 years of age and adults. It is recommended to take 5 ml twice a day or 10 ml once a day for children up to 25 kg of body weight. For children over 25 kg it is recommended to take 10 ml twice a day or 20 ml once a day. The product can be taken between meals for at least 5 days. The colour of the product is of natural origin. Due to the product composition and its active ingredients on a natural basis, it might change the colour and there might be present a sediment on the bottom, which does not affect the quality and efficacy of the product. Shake thoroughly before each use.

Warning: The recommended dosage must not be exceeded. People with organ transplants must not take this product. People under immunosuppressive treatment, pregnant and lactating women can use the preparation after prior consultation with a healthcare professional. Food supplements should not be used as a substitute for a varied diet. Do not use *Imunoglukan P4H® ACUTE!*, if you are hypersensitive to any of the product ingredients. People with zinc salts digestion issues can take the product along with a small amount of food.

Storage: Keep out of the reach of children. Before opening store in a cool and dry place at 15°C to 25°C, protect against humidity, freezing and direct sunlight. After opening close immediately and store in a refrigerator.

Packaging: 100 ml
